If someone doesn't want a fan tribe in an RP that they made, then that's fine

When it's time for you to venture out, don't let fear have you looking back at what you're leaving behind.

Usually fantribes are only allowed when expressly said so. The same goes for animi and powered dragonets in my opinion.

Thats because a. It's easier to just use the regular ones and b. A lot of the times fantribes are over powered.

Also it might be because it's a hybrid of TWO fantribes and hybrids are pretty overdone and op already.

If you wanted into a rp you would have followed the rules.

Usually the reason FanTribes are not accepted in roleplays is the roleplay is in a canon setting, or the owner/creator of the roleplay wants it to be realistic, if not canon. This is the case with most roleplays, however some do accept FanTribes. I would suggest looking for those or possibly making a roleplay of your own if you want to put FanTribes in it.
